

# Verso195 195MSD

## Double Side Printable Lightblock Polyester Film

### Applications

- Roll-up, displays, hanging banners
- Shop window display backdrop
- Glass (combined with mounting tape)

### Benefits

- Double sided printable film, with backlight stop core
- Matte both sides
- 100% block out even in strong sunlight, no show-through
- Dry off the printer for quick reversing
- No lamination necessary

### Post Printing Information for Latex & Solvent Inks:

As with all filmic media, this product must be allowed to “gas-out” after printing. This can be achieved by leaving the prints face up, ideally 24 hours, to set and harden the unique scratch resistant properties. If unable to do this e.g. with a long print run, after printing the roll stand it vertically and loosely unwind as much as possible, to allow air in and gases out.

### Recommended Conditions:

Printroom	59°F - 86°F 15°C - 30°C	30% - 65% RH
Usage	40°F - 176°F -40°C - 80°C	10% - 90% RH
Storage	50°F - 68°F 10°C - 20°C	20% - 50% RH
